“Favorite Christmas Melodies” theme of this year’s parade

Floats of all sizes and shapes lined the streets of Brooksville Saturday with their depiction of their “Favorite Christmas Melody”. Concord United Methodist Church is shown above on their winning float, “Jingle Bells”. The second place float with the theme “O Holy Night” was the Brooksville Christian Church and the Brooksville Baptist Church rounded out the winners with their “Little Drummer Boy” float. Floats were also entered by the Powersville Baptist Church, local Girl Scouts, and Tom and Debbie Cortner showing their interpretation of “Grandma got Ran Over By a Reindeer”. The cast of “Yes, Virginia there is a Santa Claus the Musical” rode on a wagon while athletes from the Bracken County Middle School boys and girls and Bracken County High School basketball teams and cheerleaders walked as did children and members of the Brooksville United Methodist Church and the Bracken County High School Band.

Our military and veterans were well represented with members of the Mason Co. High School ROTC program marching and carrying a very large American Flag followed by local veterans in the Deuce-and-a-half owned by Tommy Pickrell. Also braving the cold breezy evening were Grand Marshals Roberta and Buddy Shepherd, 2014 Snow Queen Ashley Anderson, Representative Mike Denham, new Senator Wil Schroder and wife, Marci, local car enthusiasts, Cash Express, Bracken County Cancer Support Group, and members of the fire departments, ambulance service, and law enforcement. Highlights from the parade can be seen on page 6.

Memorial Trees

Light Up The Towns

The Bracken County Historical Society is starting a new tradition in Bracken County. The Society will be setting up displays of lighted Christmas trees in both Augusta and Brooksville on Friday, December 12. The trees will remain lighted through "Old Christmas" in January. In future years the trees will be on display on the first Friday in December.

Each tree has been donated by a member in the community to honor a family member or member of the community who has passed away or is being recognized for their love of the county.

The money raised from this project each year will go toward maintaining the Dr. Haley house as a permanent museum for Bracken County artifacts.

The trees will be located on the courthouse square in Brooksville and in the Appelman Park in Augusta.

*Thoughts and Meditations
from the Scriptures*

THE SECOND BIRTH

So if anyone is in Christ, there is a new creation: everything old has passed away; see, everything has become new! 2 Corinthians 5:17

The transforming power of spiritual experiences has made metaphors of birth or rebirth common in religious literature. Saint Paul's conversion on the road to Damascus is perhaps the paradigm of being born again, but we see it throughout the Bible. In the Old Testament Jacob is renamed Israel after wrestling with God, surely a sign that he has been transformed in the process. But these transformations are not always so sudden or dramatic. Sometimes they take months or even years to occur, and while there is a tendency to be impressed by the sudden change when someone goes from being a profligate drunkard to a sober penitent overnight, usually these changes take time to occur and time to settle in. Perhaps it is better to think of conversion as an ongoing process of God working continuously to bring us as near to perfection as we are capable of. Those who are quickly converted are sometimes also quick to relapse into old habits, while those in whom God makes slow but steady progress may be more unwavering in their faith. Williams James remarks in "The Varieties of Religious Experience" that "The real witness of the spirit to the second birth is to be found only in the disposition of the genuine child of God, the permanently patient heart, the love of self eradicated." The true test of the conversion experience, or of any religious experience, is the fruit which it bears. — *Christopher Simon*

How quickly time passes. Many of you will remember "Shepherd Sayings" when it was a weekly article in *The Bracken County News*, in the last part of the 1980's and throughout the 90's by Bro. Jack Wren. You may also remember that he and wife, Beth, completed their ministry in the Brooksville area at the end of 2000.

They moved to Bryan Texas, which was Beth's home town and where they met when Jack was in the Air Force. Beth went to be with the Lord in 2007 and he said, "What do you know about that, she gets me to a "foreign country" then without warning, has liver cancer and goes home to be with Jesus."

For his part he has ministered at every opportunity. For seven years he was an associate Pastor, has supplied preached, taught Sunday School, was an interim Pastor twice, and by God's Grace wrote a book titled "Shock the Wheat".

Presently, he is the Pastor of Kosse Baptist Church, Kosse, Texas. Also, he is now married to Jan Bullock, a member of a church he pastured 30 years before going to Brooksville. Jan's husband John is also deceased. He has 18 grandchildren and will have 10 great-grandchildren when Eric's wife delivers her twin girls in mid December.

Shock the Wheat: The idea for this book was born in a wheat field on a hot summer day. An eleven-year-old boy was told to forget the sweat bees, the hot sun, the

itching wheat heads, and to "shock the wheat". This was but the first of many profound moments that God used to change a lost boy into a witness of God's love and His power to save.

In *Shock the Wheat*, author Jack Wren points out the way God used a wheat field, a cemetery, a revival tent, a quarter hour, a hospital room, a midnight word, and the power of God's word to lead a humble man to become a "fisher of men". The Christian life is filled with many distractions, but there is one essential truth. Jesus is the way to the Father's house (John 14:14). Therefore we must keep our eyes on the Good Shepherd and follow in His footsteps.

Shock the Wheat is a testimony to the providence of God, the patient persistence of the Holy Spirit, the power in the Word of God to work change in a person's life, and the blessedness of the purpose of God when it unfolds in faithful living and a joyful ministry.

BROOKSVILLE CHRISTIAN

by John Elfers

Hope everyone had a good time this past weekend during the "Light Up Brooksville" festivities. We really appreciate everyone who stopped by and had breakfast in the fellowship hall.

In Sunday service, Ron started a new series entitled "The Promise of Christmas". Did you know in Micah 5:2 it tells us that the Savior would be born in Bethlehem? or that the meaning of the name of the city is house, bread, fruitful and abundant? It all becomes clear when we remember that Jesus, Himself declares "I am the bread of life"! and that "He comes so that we may have life and have it abundantly"!

Ron also reminded us that the holidays, normally a joyous time of year, can be a sad & lonely time for many in our community. If you happen to be out of sorts this holiday season please make your heart a Bethlehem. Just think, if we all did that, Jesus could be born in all of us!

If you don't have a church home, give us a call at 606-735-3123. Transportation is available upon request.

BROOKSVILLE UNITED METHODIST CHURCH HAPPENINGS

by Laural Jane Gray

The second Sunday of Advent was a very busy one. Pastor Elizabeth's message came from Mark 1:1-8. John the Baptist's preparation for the coming of Jesus which is what we do during Advent. We must be spiritually prepared for our Lord's return. We also celebrated the baptism of Adam Edie. He is a special young man who is walking in the way of Jesus.

We hosted the 80th White Christmas Community program. It was a beautiful service with many talented musicians taking part. It was a wonderful way to celebrate with many other churches.

Upcoming events include "Satisfied's" Christmas concert Sat. night, Dec. 13 at 6:30; Devotional time at the Senior Apartments on Dec. 15 at 6:00; our Youth Christmas Play on Sun., Dec. 21 during morning worship; and a Christmas Eve Candlelight service at 11:00. These happenings are in addition to our regular services, Wed. night Bible Study at 6:30; Fri. Night Back to the Basics at 6:30; Sunday School at 9:45; Worship services at 10:45 and J Club at 5:00 on Sunday.

We remember in prayer those who are suffering physically, mentally, spiritually and with unseen problems. We pray for our community, our fellow churches, our country, our world, and each other. We especially hold up the family of Janet Bishop this week.

Please join us during the Advent season at the little white church on the corner.

The rain stopped last Saturday just in time for the annual Bracken County Historical Society luncheon and social at the Clooney Community Center in Augusta.

All the seats were filled and the menu included Cornish hens and delicious desserts prepared by Patty Cakes of Germantown. After lunch the members and guests bid on items during the silent auction and purchased tickets for the country ham and grand raffle items.

All proceeds from this event will be used to refurbish the former Dr. Haley house on Miami Street in Brooksville which was donated to the Society by the Fred and Rosemary Lawson family. This home will soon become a permanent museum for artifacts originating in Bracken County, KY.

TRASH TALK

by: Mr. Recycle Bin & Ms. Pick-Up Litterbug

606-735-9960

Howdy Folks! Two weeks ‘til the big day! We aren’t trying to stress you out, but it’s simply amazing how quickly the time goes which makes it all that more important to enjoy each day as it comes! We listened to Mr. Joel Osteen and he reminded us that 10% of what happens to us is just life. The other 90% is how we react to life’s happenings that make all the difference! Life is too short and we can choose to let others steal our joy by reacting negatively to life, or we can refuse to let life get in the way of our happiness by choosing to have an attitude of gratitude! We cannot control the events in our lives, but we can control how we choose to deal with those events, thus choosing to be unhappy or joyous! Why don’t we all work on the happy face and enjoy these final days of 2014?

Granted, it is not an easy task to ignore buckets of paint in the recycling trailer, but the good thing was that the buckets did not spill open and create a horrible mess for one of the new trailers! Paint is a definite no-no! Please do not put any type of liquids into the recycling trailers as it contaminates the whole load and creates unnecessary work for the Recycling Center employees. The paint in question was retrieved from the trailer that is parked on the Augusta Depot Lot on the weekend, taken to Foster on Monday morning, removed

to Gertrude on Wednesday morning, generally emptied on Friday morning and back to Augusta. From the location of the paint, we think it was put in the trailer at Foster.

Paint is difficult, but not impossible, to dispose. If there is paint left in the containers, and it is good, try to find someone to give it to. The Quarter Corner in Brooksville, Another Man’s Treasure or perhaps the Goodwill Store would take the good paint. Sometimes, buckets of similar colors can be mixed together and used for smaller areas. This method makes use of the leftover paint and prevents us from wasting a good product. If, however, the paint is old and of no use to anyone, it must be solidified in order to be disposed. There are several procedures that can be used to get this accomplished. We have discussed these measures before and if anyone is interested, please give us a call so that we can discuss them with you. Bottom line – NO PAINT IN THE RECYCLING TRAILERS!

All the roll-offs have been removed from the county for citizen use until next spring when we will expend the remainder of the grant money. Unfortunately, in the ten dumpsters that were used this fall, 123 tires were disposed at a cost of \$430.00, enough to fund another roll-off! There were 40 tires in the container in Milford

and while we cannot control your actions, our reaction is to urge you to follow the regulations as set forth by the Mason County Landfill! We appreciate everyone who obey the rules of recycling and who use the dumpsters as they are intended!

Looking ahead to Christmas, the Recycling Center will be closed on December 24 and 25 and then again on December 31 and January 1. As always, we will do our best to keep the trailers emptied and rotated, but we ask for your patience and cooperation during these holidays. Remember to keep smiling this week as you RECYCLE, REUSE and REDUCE to keep God’s earth clean, green and beautiful! Be seein’ you – Bin & Bug.

Panthers open new season with a win at Robertson County

The Augusta Panthers took the floor for the first time this season at Robertson County on Tuesday night, December 2nd. The biggest question in the offseason for the Panthers was how would they deal with the graduation of Brent Bach and his 31 ppg. Those questions were answered rather quickly as Augusta jumped out to a 12-3 lead prompting the Black Devils to call a timeout. For them that wouldn't help stop the onslaught as the Panthers continued to pour it on leading 21-5 after the 1st quarter.

The 2nd quarter continued to keep the Black Devils fans quiet as the Panthers outscored them 23-11 to lead 45-16 at the break. Augusta's defense continued to wreak havoc in the 3rd quarter as Coach Hinson started to empty his bench as the 3rd frame came to an end with the Panthers leading 63-27. The two teams' respective junior varsity lineups finished out the game that ended with a final score of 67-46.

"I knew we wouldn't have trouble scoring because these guys know how to put the ball in the basket," said Coach Hinson, "I was really impressed with our defense. I think we have become a better defensive team because they get after it."

The 1-0 Panthers will play their home opener on Wednesday night, December 3rd, against Silver Grove.

Scoring vs. Robertson County: Snapp 19, Maddox 15, Crawford, 10, Shrader 7, Purdon 6, Tucker 5, Staggs 3, and Shoemaker 2.

Panthers beat Big Trains 79-53

The Augusta Panthers opened up their home schedule facing the Silver Grove Big Trains. The start was a familiar one to the Panthers as they jumped out to an early lead thanks to their defense. They led 18-6 after the 1st quarter. Things took a turn in the 2nd quarter as Silver Grove's 2-3 zone kept Augusta from getting in much of an offense rhythm. Coach Hinson tried a variety of players to try to spark the team but they couldn't pull away. But they were able to maintain a lead and take it to the break, 32-19.

In the 3rd quarter the Panthers hit their stride and put up 24 points led by Connor Maddox and Nathan Shrader who combined for 17. After 3 quarters it was Augusta leading 56-35. The 4th quarter was finished off by the reserves and Augusta improved to 2-0 winning 79-53.

"We got a big win even though things didn't go according to plan," said Coach Hinson, "We've got a lot of improvements to make before we can call ourselves a complete team."

Scoring: Maddox 19, Shrader 15, Snapp 11, Crawford 11, Staggs 8, Tucker 6, Purdon 4, Shoemaker 3, and Woodruff 2.

Saints fall to Panthers

On a busy Friday night in Maysville with a Christmas parade, a girls game and two boys games, the Augusta Panthers faced district foe St. Patrick. The improved Saints club jumped out to an early lead thanks to 11 1st quarter points from 6-6 center Andrew Sticklen, who finished with 32. The Panthers were hanging around but still trailed 17-9 after the first 8 minutes. As it has so far, Augusta's defense would be the catalyst in their comeback. As the Panthers brought more pressure on the defensive end, the Saints found scoring to be more difficult and Augusta would battle all the way back to take the lead and hold onto it at intermission, 34-31.

The 3rd quarter would be a battle. Augusta scored the first 6 points of the quarter to go up 40-31 but instead of pulling away, the Saints came right back and would retake the lead only to see multiple lead changes that eventually led to a 52-52 tie going into the 4th quarter. Halfway into the final quarter the Panthers found themselves in their largest deficit of the second half 58-52. But 8 straight points from Connor Maddox put Augusta up 60-58 and the Panthers would lead the rest of the way and win their 3rd straight game to open the season, 67-65.

"That was an exciting game, one we were lucky enough to come out on top in," said Coach Hinson, "Our defense played a huge role in the win tonight and this sure sets up a battle in the class A tournament."

Scoring: Maddox 21, Crawford 15, Snapp 12, Tucker 10, Shoemaker 6, and Shrader 3.

Panthers are 4-0

The Augusta Panthers finished off a busy opening week at home facing the Lloyd Memorial Juggernauts. For the second straight night the Panthers found themselves trailing as the game started. But luckily that success didn't last long once Camryn Snapp spotted up behind the arc. Snapp hit three 3-pointers in the quarter. His second tied the game at 10 all and Augusta went on a 12-3 run to close out the quarter leading 22-13. Lloyd hung around in the 2nd quarter pulling one point closer at the half 35-27.

In the 3rd quarter the Panthers maintained their lead and extended it to 40-31 looking to pull away but that score held for about 3 minutes before Lloyd started creeping closer. They got within 2 a couple of times but each time they did the Panthers pushed it back to four. At the end of the quarter Augusta's lead was 51-47. In the 4th quarter Augusta's strong defense and free throw shooting (10-11) kept them in front despite a furious attempt from Lloyd to come back and win. The Panthers pulled away late and improved to 4-0 with the 67-61 win.

"Once again we were in a dogfight and I think we're going to see a lot of those all year," said Coach Hinson, "We set a goal to be 8-0 going into the Murph Classic and we're halfway there."

Scoring: Maddox 27, Snapp 24, Crawford 8, Tucker 4, and Shoemaker 4.

"Green Dot" program implemented at AIS

"Green Dot is a way to stop violence and give a voice to those who feel like they have no voice", says Max Hargett - a student implementing the Green Dot strategy at Augusta Independent High School. Green Dot focuses on taking care of each other while also teaching students active bystander intervention and how to reset the norms around power-based personal violence. Power-based personal violence can include bullying, stalking, dating violence, harassment and sexual violence. We know that a lot of people have been hurt and often thought that it was just a part of life, but what research tells us now is that violence is not inevitable. Research has proven that we as students and community members have the ability to reduce violence or make it less likely that it happens in the first place. Augusta Independent High

School is taking a proactive step to prevent violence and keep our community safe.

Green Dot teaches individuals how to recognize red dots, tiny moments in time when someone uses their words, actions, or behaviors to contribute to or tolerate violence. Red dots could be when someone hits someone, posts something nasty on social media, or when someone walks away when they see violence. Once individuals can recognize red dots, they learn about green dots, tiny moments in time when someone's thoughts, actions, words or behaviors support non-violence or stop a red dot from happening. A Green Dot could be responding to red dot situation by safely intervening or getting support from a friend or adult. A green dot can also be as simple as wearing a Green Dot button or posting about violence prevention on social media to let those around you know you care about this

issue.

The Green Dot program originated at the University of Kentucky and was created by Dr. Dorothy Edwards. Recently Green Dot received some exciting research results regarding the effectiveness of Green Dot. The CDC study found that sexual perpetration was reduced by over 50% and total perpetration of other forms of violence was reduced by over 40% in Kentucky high schools with Green Dot.

Nick Ziedler, a senior at Augusta, was interviewed after the training to comment on how Green Dot has affected him. Nick said, "just do it (green dots) because when you go home and think about it later on, you could have saved that person's life". Camryn Snapp was also interviewed after the training and said, "step up and do something about it, don't just watch and leave - go tell a teacher or step in front of them and do something fun-

ny". Green Dot doesn't tell you what to do, it just asks that you do something.

Ally and Christy the Green Dot educators from Women's Crisis Center are inspired by the commitment and dedication of the Augusta Independent students, staff and administrators. They will be returning to Augusta Independent to provide additional trainings as well as participate in student led activities. They look forward to the continued partnership creating a safer community.

If you want information about how to get involved with Green Dot please contact Ally Rifkind at allyr@wccy.org. If you or someone you know is experiencing power-based personal violence, please call the Women's Crisis Center Maysville 24 Hour Hotline 800-928-6708.

Taylor 2nd grade students learning Next Generation Science Standards

The 2nd grade students at Taylor have enjoyed learning their new Next Generation Science Standards. They have been learning about things that cause changes slowly and quickly. One of the natural changes of our earth is a volcano. The students enjoyed a hands-on learning experience by creating their own volcano and then erupting it. They have learned of the different types of rock, volcanoes, earthquakes, and glaciers, and will continue this unit of study after the break. If you see a Taylor Elementary 2nd grader just ask them and they will tell you they love science.

Sports in Kentucky by Bob Watkins

Why(s) Willie Cauley-Stein is The Man; Cards & Toppers goin' bowling

The Man. Tribute to central character in Kentucky's perfect season so far, Willie Cauley-Stein, calls for context.

When WCS signed with Kentucky there was more Willie Who? than McDonald's ballyhoo. No press conference at Olathe Northwest High School in Olathe, Kansas, and no schmaltzy put-on-college-cap prima donna moment.

High school ratings experts(?) hurriedly labeled Cauley-Stein a basketball project who was a 7-foot wide receiver with 57 passes caught and 14 touchdowns scored his senior year.

Year I at Kentucky: Part flake, Part Cool Willie (black rimmed glasses, lopsided bleach blond hair and head band), he was relief for Nerlens Noel. WCS could block shots, but couldn't throw a free throw off the bridge at Clay's Ferry into the Kentucky River.

Year II: WCS was enjoying college, would stay in Lexington, he said. This, while his coaches recruited over him (Julius Randle, Dakari Johnson, then Karl Anthony-Towns).

Year III: Nine wins in, Kentucky's three-year-college-man is The Man.

While his coach characteristically takes the bows and issues one-liners, WCS's team is like one not seen here in half a century. In 1965 Rupp's Runts steamrolled nine pre-SEC foes, added 14 more wins in-a-row. They did it with the qualities that define Cauley-Stein – work, work, teamness, patience, seize opportunity.

Year III Extended: Cauley-Stein, The Man, is the heart of a No. 1 ranked team because, beyond the obvious – attitude, expand skills, stamina and staying power – his maturity and patience have flowered into a coach's dream guy, selfless leader-by-example.

Bottom line? Come June,

Cauley-Stein will be, if not a college graduate, then close. Then he projects to be hottest name in the NBA lottery. What The Man can take to the bank, along with his first six-digit check from professional basketball, is this: "Education is a social process. Education is growth. Education is, not a preparation for life; education is life itself."

I believe Willie Cauley-Stein understands the words of John Dewey, American philosopher.

NOW, FOR CAROLINA

Why Kentucky is top ranked in college hoops 10 games in? In sports parlance "it sure ain't the shootin'", but it is a sure thing – defense."

Best in the nation, defense is relentlessly and in waves."

Of UK's first 10 victims, Texas shot best, 29.8 percent.

Next to the altar, North Carolina.

Once believed to be squeaky clean, Tar Heels Hoops Inc. is an embattled program under NCAA investigation for major rules violations. The Heels come to Lexington this week and deserves, well, to "have the tar beat out of 'em."

Carolina is for Kentucky Step Three in a five point march. After Carolina, UCLA is Step 4, then on to December 27 at Yum Center.

A Commonwealth's Super Bowl.

LOUISVILLE

Eight games in, Rick Pitino's Cardinals (ranked 27 RPI, 129th strength-of-schedule) played somebody-to-build-on last week. Ohio State at Yum Center was perfect – high profile program in rebuild mode in front of a full house.

To date, UofL's offense, 44 percent is adequate when coupled with a defense growing from very good to fearsome. Opponents are shooting 31.2 percent.

An eye on December 27's Super Bowl, the drama thickens – Kentucky (ranked 2 RPI)

allows opponents less than 30 percent, best in the land, while the Wildcats shooters can't shoot straight. Yet.

Christmas aside, UK and UofL statistics make for lively conversation at the local cafe.

PLAYER OF YEAR SINDELAR

When Caldwell County High quarterback Elijah Sindelar was named Gatorade Player of the Year for Kentucky last week the criteria that earned him the honor is perfect for choosing Mr. Football 2014.

Statistically, Sindelar passed for a state-best 3,600-plus yards, 49 touchdowns, and just four interceptions. Here's the best part: The Purdue-bound senior has a 4.0 grade point average; he tutors other students; and belongs to the Fellowship of Christian Athletes.

BOWL BOUND: UofL, WKU

Beyond the solid-for-entertainment 4-team playoff matches, the blatant chi-ching matches abound.

Among the the "ain't-worth-my-timers: Arkansas and Texas are 6-6 in the Texas Bowl; Bowling Green 7-6 and South Alabama 6-6 in the Camelia.

Among best matches: Georgia and Louisville are 9-3 in Belk Bowl. And, my favorite: Western Kentucky (7-5) and Central Michigan exiled south for a change, the Bahamas Bowl in Nassau, Christmas Eve.

WORTH REPEATING DEPT.

"A 13-year, \$325 million contract means Marlins slugger Giancarlo Stanton will 'earn' \$68,493 per day, year round, before taxes. That's \$2,854 per hour, non-stop, around the clock. \$48 a minute. In the time it took you to read the preceding, I think Stanton just made enough money to buy the Bahamas." – Greg Cote, Miami Herald.

PARTING SHOT

Dick Vitale has been on the air for ESPN for three decades. An internet story last week was headlined: Dick Vitale, 75, Says He Wants To Continue To Call CBB Games Until He's At Least 100 Years Old.

And so it goes.
